Invited Dignitaries, dear friends, delegates and colleague, on behalf of the Organizing Committee and myself as the Conference Congress Chairman, it gives me great pleasure to welcome you to our beautiful and fast growing city of Dubai in the UAE and for attending the first NEUROLOGY and CARDIOLOGY INTERNATIONAL CONFERENCE (Neuro-cardiology meeting), a great event, here in Dubai over the next 3 days.

I am extremely grateful to the members of the Citation International Organization Company, International College of Cardiology, World Hypertension League and the Organizing Committee to hold the conference in Dubai. The conference will cover both basic and clinical sciences in understanding cardiovascular and cerebrovascular functions and dysfunctions covering such areas as molecular and stem cell biology, gene therapy, cerebrovascular and coronary artery disease, neuropathy of the brain and the heart, cardio embolic phenomenon and how to diagnose and manage a trial arrhythmias responsible for embolic stroke. Importantly, the meeting will focus on metabolic syndrome, diabetic autonomic neuropathy, heart failure and hypertension and their links to the brain as well.

We would like to express our thanks to the pharmaceutical and manufacturing industry for their generous support, to Target Conferences for their excellent arrangements in all aspects of the Congress, to our dedicated staff, colleagues, friends and families for their untiring help, support and advice in planning and arranging this meeting. We hope that you will enjoy the Conference and that your interaction with your colleagues from many different countries will stimulate a creative exchange of ideas and will be personally rewarding. We also hope and trust that you will enjoy your visit to the very beautiful and exciting City of Dubai in the UAE in April 9-11, 2018.

Yours sincerely,

Dr. Galal Eldin Nagib Elkilany, MD, Ass. Clinical Professor, GMU, Conference Chairman

About Conference:

Citations International is organizing an International conference on **Neurology** and **Cardiology** to be held in Dubai, UAE from October 15-17, 2018. The main objective of these conference is to have a great insight and discussion about the topics related to Neurology and Cardiology. Neurologists and cardiologists are every now and again associated with organizing the care of patients with an assortment of conditions, the most widely recognized being stroke administration of conditions that have both heart and brain signs. That incline to neurological confusions and neurological conditions that can include the heart causes and cerebral results, along these lines the nearby participation amongst neurologists and cardiologists is essential for the ideal patient administration.. Interventional cardiology with its across the board constant administrations for intense myocardial dead tissue in the brain can fill the current holes in scope of populace needs with Neuro interventional administrations. At my medical center neurologists work closely with cardiologists, talking about particular pathologies which may affect the brain. We discuss clinical cases and how we manage them. This collaboration should not take place in conferences only, but on a regular basis, to form Neuro cardiology or cardio-neurology teams. Such an alliance would be fruitful for both fields.

Why Dubai:

**Business Growth Opportunities:** Thanks to our ideal location, excellent connectivity and extensive services to help you with all aspects of your business. Dubai has become a centre of trade and commerce for the Middle East. Our government is pro-business with the most transparent business regulations in the region and provides tax-free zones, first-class physical infrastructure and access to an experienced and skilled labor force. With the newly established Dubai Association Centre, the Emirate now has a platform that lets you easily set up an international association here, whether it’s a headquarters or a regional office.

**Knowledge Hub:** Dubai a growing knowledge hub that includes a significant number of universities and research centers committed to paving the way for technological and scientific advancements. Dubai Silicon Oasis offers state-of-the-art research, development and industrial facilities, while Dubai Biotechnology and Research Park is the leading life sciences cluster in the Middle East. In addition, Dubai Healthcare City is home to over 4,000 licensed professionals in two hospitals and over 120 outpatient medical centers and diagnostic laboratories occupying 4.1 million square feet in the heart of Dubai.

**Global Aviation Hub:** Dubai International Airport is ranked second in the world for international passenger traffic with over 7,000 weekly flights. The airport is operated by 125 airlines that connect to over 260 destinations across the globe. Dubai’s new airport, Al Maktoum International Airport in Jebel Ali, will have the capacity to handle 160 million passengers when it’s fully operational. Currently, phase one has been completed. Emirates Airlines is Dubai’s flag carrier with flights to and from over 140 destinations worldwide and fly Dubai has also become the world’s fastest start-up airline since its launch in 2008, flying to more than 65 destinations across the GCC, Asia, Africa, India and parts of Europe.

**World-Class Infrastructure:** Who ever imagined a small Arab village would become the powerhouse it is today? Dubai boasts well-maintained roads and excellent public transport and connectivity, including the state-of-the-art Dubai Metro — just some of the services you can expect here.
